## Directions to Redbird Smith Health Center- 301 J.T. Stites Blvd. Sallisaw, OK

- 1) If you live in the North part of Tahlequah (near NSU) this may be the best route
  - Go East on Downing St/US 62 Br E/OK 51 about 8 miles
  - At the end of the steep winding hill, US 62 and OK 51 split at a Y intersection. Take the right branch of the Y, staying on OK 51 and go about 16 miles (entering Stilwell city limits)
  - OK 51 intersects with US 59 at a T intersection. Turn right onto US 59 and go South approximately 16 miles
  - US 59 intersects with I-40 BL (not regular I-40)/US 64 (also considered a continuation of US 59 and called Cherokee Avenue as it proceeds through Sallisaw). Turn right here and head West through town, several intersections, about 3 miles.
  - J.T. Stites Blvd is not well marked and is nearly out of town, but there is a fairly large Cherokee Nation sign on the left side of the road at the intersection. Turn left (South) onto J.T. Stites and go about ¼ mile. Clinic entrance is well marked and on the right.
  - Proceed past large clinic building to back building (Annex). Park in front of Annex and enter through front doors. Eye Clinic is to the right.

- 2) If you live in the South part of Tahlequah (example, in South Ridge), this is likely the best route
  - Head out of Tahlequah toward the city of Muskogee on US 62 BR S/OK 82, but turn left at OK 82/OK 82 Scenic (stop light and sign should indicate you will go to Lake Tenkiller).
  - Go about 23 miles (through Cookson, OK) to Blackgum (look for McQuick's store on left). Turn left to stay on OK 82 going toward Vian, OK. If you do not turn left, you will be on OK 100 and will go around the Lake!
  - Continue on OK 82 for about 8.5 miles to Vian (which is a speed trap town, so slow down).
  - OK 82 intersects with US 64/Schley St (Armstrong Bank on the corner). Turn left onto US 64 E and proceed about 10 miles (past Choctaw Racino).
  - About 2 miles after US 64 becomes a double lane road, look for a Cherokee Nation sign on the right at J.T. Stites Blvd (which is not well marked, just a small green sign). Turn right onto J.T. Stites Blvd and proceed about a ¼ mile.
  - The clinic entrance is well marked and on the right. Proceed past large clinic building to back building (Annex). Park in front of Annex and enter through the front doors. Eye Clinic is to the right.
